Hello Steve,

Here is another request for meeting transcript, to be added to your list.

He is already asking about if new ad hocs will be sought to review the legacy uses of asbestos. Thanks.

Diana

Subject: TSCA SACC Ad Hoc Peer Reviewers for Asbestos

Dear Dr. Wong:

With respect to the SACC public meeting identified in the attached roster, can you tell me whether and when a transcript or other recording of the meeting will be made available to the public?

In addition, can you tell me whether the SACC will be seeking any new ad hoc peer reviewers for asbestos given EPA's plan to conduct a supplemental evaluation of asbestos involving "legacy" uses?

I appreciate and look forward to your reply. Thank you!

Sincerely,

Michael Boucher
